15:40-17:30

(I06) Skin barrier

Moderators :

- Mao-Qiang Man (蔣茂強 , USA)
Hamm-Ming Sheu (許漢銘 , Taiwan)
Tzu-Kai Lin (林子凱 , Taiwan)
- (I061) 15:40-16:20 5G Emollients and their clinical applications Mao-Qiang Man (蔣茂強 , USA)
 - (I062) 16:20-16:50 The role of skin barrier in keloid Tak-Wah Wong (王德華 , Taiwan)
 - (I063) 16:50-17:20 Application and efficiency of the use of autologous concentrate growth factors gel or membrane in chronic wound healing Chao-Hsing Kao (高照星 , Taiwan)

·

- In this session, Dr. Chao-Kai Hsu (許劍凱) and Dr. Ju Lan (蘭潔) will provide digital dermatopathological slides for preview. These cases will include melanocytic lesion, cutaneous soft tissue tumor, alopecia and inflammatory skin diseases. Prof. Fung, Maxwell A. Fung (Professor of Clinical Dermatology and Pathology; Director, UC Davis Dermatopathology Service) and Prof. Julia Yu-Yun Lee (Professor of Dermatology & Dermatopathology, National Cheng Kung University Hospital) will make a comment on these cases. We appreciate aetherAI (雲象科技) for providing the platform of digital pathology.
