AMWC ASIA TDAC

AESTHETIC MEDICINE WORLD CONGRESS
& TAIWAN DERMATOLOGY AESTHETIC CONFERENCE

4,5 & 6 MAY 2018
TAIWAN - TAIPEI
Convention Centre

FINAL PROGRAM
Dear Colleagues and Friends,

We are pleased to announce the joint collaboration between EuroMediCom and the Taiwan Dermatological Association (TDA), and the Taiwan Society for Dermatological and Aesthetic Surgery (TSDAS) in organizing the **first AMWC Asia TDAC alongside the 6th Taiwan Dermatology Aesthetic Conference**, taking place on 4-5-6 May 2018, in Taipei, Taiwan.

A partnership between EuroMediCom and TDA allows the organizers of AMWC Asia TDAC to bring the best speakers from Taiwan, Asia and around the world to share their knowledge and skills.

Moreover, AMWC Asia TDAC is strategically located in Taipei - one of Asia’s most advanced and modern cities, with a thriving aesthetics market. The geographical location allows leverages dynamic growth in both China and Southeast Asia.

AMWC Asia TDAC will be based on top-notch scientific content, including live demonstrations and practical knowledge sharing, that will bring together doctors and aesthetic practitioners from all over Taiwan and the region. AMWC Asia TDAC is poised to become one of the best platforms in Asia for medical aesthetics.

We look forward to seeing you in Taipei.

PRE-Congress Courses
Friday 4 May

Advanced Injectable Workshop
Botulinum Toxins & Fillers
Conference room 2A+2B • Level 2

Mohs Surgery
& Reconstruction Workshops
Conference Room 3 • Level 1

Phlebology Workshop
Conference Room 3 • Level 1

Cosmetic Surgery
Operation Theatre • TMU Hospital
Overview: This comprehensive full-day workshop will focus on advanced and relevant use of botulinum toxin and dermal fillers utilizing both a didactic and case-demonstration approach for maximum educational impact on learners. Didactic plenary sessions will incorporate the scientific and practical aspects of botulinum toxin and dermal fillers including a safe and effective techniques for advanced application on facial aesthetics.

In this course, a simulation of real clinical situation will be set to allow the learners to observe how international experts (Eastern and Western) apply and integrate their knowledge, skills and critical thinking to analyze, evaluate and treat the patients they meet for the first time.

08:30-10:30 - NEUROMODULATORS
- Neurotoxins: Myth and Reality NIKOLIS Andreas, Canada
- Myth and Debates : Botulinum Toxin WANITPHAKDEEDECHA Rungsima, Thailand
- New toxin injection devices (TBC) LIPP Stefan, Germany
- New patterns for glabella. Classic injections points revisited and new points from caudal. (TBC) LIPP Stefan, Germany
- Forehead wrinkles revisited: A anatomy-based, refined approach in Asian WANG Chao-Chin, Taiwan
- LIVE DEMO Facial analysis & marking WANITPHAKDEEDECHA Rungsima, Thailand

MOHS SURGERY & RECONSTRUCTION WORKSHOPS

Conference ROOM 3 • Level 1
Places limited

COURSE MODERATORS

Mohs micrographic surgery has long been the standard treatment for high-risk non-melanoma skin cancers in North America and Europe. However, it has not been a common practice here in East Asia. Its superiority to wide local excision, higher cure rate with less tissue removed, has been proved by many studies as well as systemic reviews in the literature. In this workshop, participants will practice Mohs surgery and reconstruction with step-by-step guidance on a simulated skin pad.

8:30-9:30  Hands-on: Mohs micrographic surgery
CHANG Yao-Yu

9:30-10:30  Local flaps (I): Advancement and rotational flaps
WANG Yen-Jen

10:30-11:00  Coffee break

11:00-12:00  Local flaps (II): Transposition flaps
MARINI Leonardo

12:00-12:30  Complications of Mohs surgery and how to fix them
CHUNG Kee-Yang

LIST OF FACULTY

CHANG Yao-Yu, Dermatologist (Taiwan)
CHUNG Kee-Yang, Prof. Dermatology (Korea)
MARINI Leonardo, Prof. Dermatology (Italy)
TSAI Ren-Yeu, Prof. Dermatology (Taiwan)
WANG Yen-Jen, Dermatologist (Taiwan)

PHLEBOLOGY WORKSHOP

Conference ROOM 3 • Level 1
Places limited

COURSE INSTRUCTORS

Overview: After an introduction on main principles of phlebology and sclerotherapy of varicose veins detailed information about sclerotherapy of varicose veins is provided. Participants should be able to: describe the anatomy of venous reflux, identify the advantages and disadvantages of various sclerosing agents and foaming technique, approach to leg veins from spider veins to truncal varicosities, and determine the appropriate use of sclerotherapy, laser, phlebectomy, or endovenous ablation for each patient. Participants will view live demonstrations of patient’s evaluations. Production of sclerosing foam, injection of spider veins and duplex-guided injection techniques will be demonstrated and performed by the participants themselves in a hands on portion with practice pad.

Level of proficiency: This course is designed for anyone who is interested!

14:00-14:20  Lower leg vein anatomy
14:20-14:40  Ultrasound
14:40-15:00  Hands-on: Ultrasound examination
15:00-15:20  Coffee break
15:20-15:40  Sclerotherapy
15:40-16:00  Endovenous procedure
16:00-17:00  Hands-on: Sclerotherapy

WHY TAIPEI?

Symbol of a free and vibrant democracy, Taipei is a fascinating metropolis with several million inhabitants that invites you into a world of amazing contrasts: a mix of the modern and traditional, with a generous dash of energy and friendly smiles. With a strong tendency to adopt the «LOHAS» (Lifestyle Of Health And Sustainability), Taipei is a wonderful city with more than 10,000 aesthetics practitioners, alloying business opportunities and a highly-educated population (half of the population speaks English). Apart from advanced medical technology well-known around the world, the city of Taipei also includes a number of important associations and committees of medical aesthetics professionals working together.

Moreover, Taiwan has the 3rd largest number of hospitals in the top 200 list, with 14 Taiwanese hospitals appearing on the list. In this unique environment, the AWMC, a must-attend event, benefits from special expertise with a quality Asian approach.

Be one of the 2,500 expected attendees for this first AMWC Asia edition, already known as THE event of the year and make your trip to Taipei a most memorable journey.
